

N-Trance - Forever

tom:

Intro: D Gbm D Gbm

You hear my voice call out to you
 It takes control, what can you do?
 Follow me wherever I go
 You don't have to be on your own

So hold me forever
 Let's stay together, never let me go

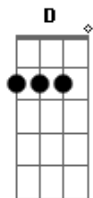

So hold me forever
 I'm lost without you, won't you take me home

At night you reach towards the sky
 The world you see inside my eyes
 And you know you've been here before
 Always with me, you're never alone

So hold me forever
 Let's stay together, never let me go
