Tom: A

Intro: A

A  
Well I used to get high  
And dance all around the house D  
A  
Cleaning rearranging  
While I'd let it all out D  
Those happy times I'd say to myself E  
D  
This is it don't stop  
E  
All will be well  
D  
If you only never stop the clock

( A )

A  
Gotta learn to cut losses  
And recognise new truths D  
A  
Or you'll never get anywhere that is of any use D

E  
Sometimes you can't see the sea  
D  
Even from the boat  
E  
So whatever hints you get  
D  
You better hurry and take note

( A )

A  
I'm here because I knew that this time I'd be haunted D  
A  
Visited by peaceful ghosts who knew what I really wanted D  
E  
Here's hoping I could be you and I make a toast D

( A )

A  
I'm here because they call it foreign D  
A  
And I felt so slow but I heard you calling D  
E  
Now you're gone and you're all I want D

( A )

Bm  
I forgot that's what people do D  
They pair off two by two Bm  
D  
Until one of them turns blue D7M

( A )

A  
Don't have much practice in really needing someone D

A  
So I need you to show me how it can be sensibly done D  
E  
'Cause I need you like a string needs a kite to get to the sky D

( A )

A  
I look for the sound of the wind to put in my headphones D  
A  
To help these walls dissolve take me to another zone D  
E  
'Cause I'm an animal and I have one life D  
E  
You're an animal and you have one life D

( A )

Bm  
do do do do do do do D  
do do do do do do Bm  
do do do do do do D
