                 [Primeira Parte]

G
I'm not really here, I
                    Am
I'm just looking through
                    C
I am watching your life
                          G
You're watching mine too
G
Can I join you for a
            Am
Circle on the ride?
                    C
They say you die of shame
                          G
Not cold in the wild

[Refrão]

G                         C
Is it true? Is it done?
         G
Is it over?
G                         C
Is it true? Is it done?
         G
Is it over?
       D              C              G
Are you dancing? Are you dancing it at all?
       D              C              G
Are you dancing? Are you dancing it at all?

[Segunda Parte]

G
Move away from memory
            Am
Move to the core
              C
Didn't notice anything
                      G
No frame to the door
G
Every birthday candle
                      Am
That ever got blown out
                  C
Is one more year of someone trying
               G
To figure it all out

[Refrão]

G                         C
Is it true? Is it done?
         G
Is it over?
G                         C
Is it true? Is it done?
         G
Is it over?
       D              C              G
Are you dancing? Are you dancing it at all?
       D              C              G
Are you dancing? Are you dancing it at all?

G                      D          Am
Nah-nah-nah-nah-nah-nahhh nah-nahhh
C               G
Nah-nah-nah-nahhh

Nah-nah-nah-nahhh
D               Am
Nah-nah-nah-nahhh

( D )

D
I?m still the same
        Am           C
I still turn the same way to my name

[Terceira Parte]

G
Don't say you need trouble
                    Am
To run from; to run
                    C
We see lines in symmetry
                          G
Sometimes there are none
G
I really like it quiet
                    Am
But I really like it loud
                    C
Always changing, never changing
                  G
Never can slow down

[Refrão]

G                         C
Is it true? Is it done?
         G
Is it over?
G                         C
Is it true? Is it done?
         G
Is it over?
            D              C              G
Are you dancing? Are you dancing it at all?
            D              C              G
Are you dancing? Are you dancing it at all?

G                 D
You better start dancing
              C              G
Are you dancing at all?
G                 D
You better start dancing
              C              G
Are you dancing at all?

G
Dance just a little
G
Dance just a little
