

# Nando XD - A Bridge Between Us

Tom: E

I was calm, enjoying my life

Full of purpose and  
I was standing my way

Until you appear

I dream of you everyday  
Even when I'm not sleeping

You are my little princess  
I want you, I'm not lying

When she suddenly appeared  
In a social network

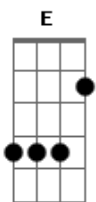

And left my heart racing  
An unparalleled madness  
A meaningless feeling

An incomparable distance  
Perhaps a broken heart  
For so many imminent  
Barriers to overthrow  
But none of this is impossible (impossible)  
At least not for me  
Because I want make... make it happen

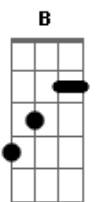

I just do not know if it is reciprocal  
Lets create a bridge between us?  
(Between us)

I dream of you everyday  
Even when I'm not sleeping  
You are my little princess  
I want you, I'm not lying
