

# Napkin - This Will Go Wrong

tom:

C  
This will go wrong

C Am Em  
This will be like the old days, I swear you  
I am so different now  
C Am Em  
But your soul always shined on me

C Am Em  
This will be like those frozen waves  
C Am Em  
I wont be afraid of waking up anymore  
C Am Em  
Forgotten memories  
C Am Em  
Now hold my fingers and listen me

C Am Em  
I will be there  
C Am Em  
At the first minute and the last  
C Am Em  
Hold and be brave  
C Am Em  
Maybe you'll remember everything today

C Am Em  
This is gonna work  
C Am Em  
This will be like a waltz, she told me  
C Am Em  
You went all over the world  
C Am Em  
And I've been waiting for decades to say  
[Ponte] C Am Em

C D  
When you're in the dark  
Bm C  
My eyes will shine your way  
C D Bm C  
And when I don't recognize myself  
Bm C Bm C D C  
Your face will be my mirror

C Am Em  
This will go wrong

C Am Em  
I will be there  
C Am Em  
At the first minute and the last  
C Am Em  
Hold and be brave  
C Am Em  
Maybe you'll remember everything today
