

Naruto - Seishun Kyousoukyoku

tom:

Intro: Am D G
[Primeira Parte]

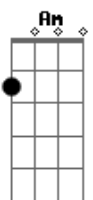

A nos insultar, sem ligar se ofender
Seria mais simples compartilhar
Ao invés de tentar ignorar a dor
O vento a soprar, tão sutil a tentar acalmar
E as ruínas do passado a desfazer
E o rancor que guardou, juntos a superar (yeaah)
Eu me lembro, ainda te atormenta?

Prestes a deixar dominá-lo
Pode ser um adeus, mas irei te encontrar
[Refrão]
Como vou prosseguir sem você aqui?
E o que restou irá desaparecer
E toda lembrança, não vou abandoná-lo ou dizer
Que tudo que passou eu irei esquecer
A lágrima em nosso rosto escorrer
E mesmo se hesitar o sentimento irá ver em meio a esta dor...verá
