

# Nashville Cast - Beyond The Sun

Tom: C

Intro: C C C C

I wonder what it's like to live on cloud

Where everything's fine all of the time

I wonder how it feels to be unafraid

Day after day after it rains

Someday, somehow

Before too long

I'll say goodbye to My burdens

I'll fly beyond the sun

I wonder what it's like in the shade of a tree

Shooting the breeze, being carefree

I wonder what I'd choose if given the choice

Between silence and noise, Words or a voice

Someday, somehow

Before too long

I'll say goodbye to My burdens

I'll fly beyond the sun

Fly.. fly beyond the sun

Fly, I'll fly beyond the sun

Someday, somehow

Before too long

I'll say goodbye to My burdens

I'll fly beyond the sun
