Tom: D

(com acordes na forma de Capotraste na 2ª casa

Intro: C

It's almost sunrise

Hours and hours gone by

Candles are burned down

Turned into morning light

The time to go has come and gone

Why can't I--I? Why can't I say goodnight?

The whole world is sleeping

And still I can't give in

It's a love story

?I never want to end

The time to go has come and gone

C)

Why can't I--I? Why can't I say goodnight?

I'm using up all my strength

I can't tear myself away

?It only gets harder as

night turns to day

There isn't one place

Honey, that I'd rather be

Then Right here in your arms

With your head lying on me

The time to go has come and gone

Why can't I--I? Why can't I say goodnight?

Darling why can't I say goodnight?
