       C             C
When I say that I love you
         F           G
I only mean how I trust you

        C          C
When I say to go away
                  F              G
It?s when you know you need to stay
                C
    C
When I hide myself in the dark
          Am7                          F
All I please you:  remind me my light

        Am7           G
When I cry or when I smile
      F                  G
All I want is you by my side

    Am7                  G
I realize that this is hard but when I
  F            G        Am  G  F
Find myself again I promise you
           C7M
Will be alright
