

Nat Manganoti - Promise To Myself

tom:

Intro: C C F C C F

When I say that I love you

I only mean how I trust you

When I say to go away

It's when you know you need to stay

When I hide myself in the dark

All I please you: remind me my light

When I cry or when I smile

All I want is you by my side

I realize that this is hard but when I

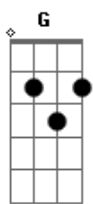

Find myself again I promise you

Will be alright

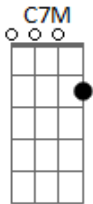

I'll be fine
 I'll be my girl again I promise you
 Will be alright
 I'll be fine
 I'll recover what I miss I promise you
 I'll be my light
 (C C F)

I realize that this is hard but when I
 Find myself again I promise you
 Will be alright
 I'll be fine
 I'll be my girl again I promise you
 Will be alright
 I'll be fine
 I'll recover what I miss I promise you
