

Natalia Lafourcade - Azul

Tom: E

Estrofa:

Quando yo sentí de cerca tu mirar
de color de cielo, de color a mar

MI paisaje triste
se vistió de azul
con ese azul que tienes tú.

Era un nomeolvides
convertido en flor
era un día nublado

que olvidaba el sol.

Coro:

Azul
Como una ojera de mujer
como un listón azul
azul, azul de amanecer.

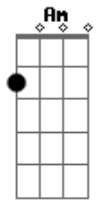

(Repite Acordes Estrofa)

(Repite Coro)

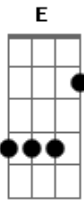

Final:

Azul
Como un cielo azul
