

Natalie Duffy - Fighting the Daylight

```
(forma dos acordes no tom de C )
Capostraste na 4º casa
Intro: C Am G C Am G
Golden Street lights leak through the sides of my window
Shadows of strangers dance off my walls and my pillow case
And I cannot sleep, thinking you may be passing by
I wish you?d stay longer, I wish you?d stay longer tonight
So all that?s left to do, since I can?t be with you
Is hold my eyes shut till you?re
Holding me tight right where you?re supposed to be
And we're rolling and tumbling tangled up in the sheets
Oh and I?ll keep on fighting the daylight
And I?ll keep on fighting the daylight
And I?ll keep on fighting the daylight
From taking you away from \ensuremath{\mathsf{me}}
Taking you away from me
Golden sun light leaks through the sides of my window drapes
Hurry it, Stranger, sipping the coffee starting the day
And it?s hard to see, it?s hard to open my eyes
