Natalie Imbruglia - When you're sleeping

```
When you're sleeping yeah
Tom: D
Intro: dução D A Bm G D A G
                                                           D A
                                                                                G
                                                                        Bm
                                                      And you share all the secrets

                                                            D A
The sun came up
                                                      And mystery
                                                                   G
                                                                               (segura)
G
       Α
Desperate desperate
                                                      When you're sleeping
         Ghm7

                                                             Α
                                                      So you go and wonder
This stars above
G A
                Bm
                                                       Bm
Held you back once again
                                                      Where you wander
                                                                       Α
                                                                               Bm
                                                       G
G
                                                       Lose yourself to take us higher
Half way here
                                                            G
                                                                            Gbm7
                                                      And I'll be waiting for you
Α
Half way here they whisper
                                                              Em A
                                                      When you're down
       Bm G
 Α
You talk so much sense
                                                      D A
