Take your Hand ^F
 And place it in my pocket ^{Eb}
 Flick your eyes back in their sockets ^F
 Put those thoughts away ^{Bb}
 Sometimes they're much to loud ^F
 I'll take a breath ^F
 And cradle your sweet head ^{Eb}
 Should've stayed at home in bed ^{Bb}
 Put that face away ^F
 I'm melting for you ^F

I know, I get cold ^{Bb Dm}
 Cos I can't leave things well alone ^F
 Understand I'm accident prone ^F
 Me, I get free ^{Bb Dm}
^{Eb F}

Every night the moon is mine ^F
 But when the morning comes ^{Eb}
 Don't say you love me ^{Bb}
 Don't say you need me ^F
 I really don't think that's fair ^F
 Boy I'm not so dumb ^{Eb}
 But when you leave me ^{Bb F}
 I'll be wishing was I, wishing I, wishing, I was there ^{F Eb}
 I dreamt about another girl in bed with you ^{F Eb}
