

# Nathan Wagner - Don't Forget Me

tom:  
 [Primeira Parte]  
 I thought all of my hope was gone  
 Until you walked in  
 Showed this broken down body of bones  
 That this life is worth it  
 Gave me everything a person could ask  
 Made my world so perfect  
 So I pray each and every night  
 That this loves worth the risk

[Pré-Refrão]

If I don't make it through the night

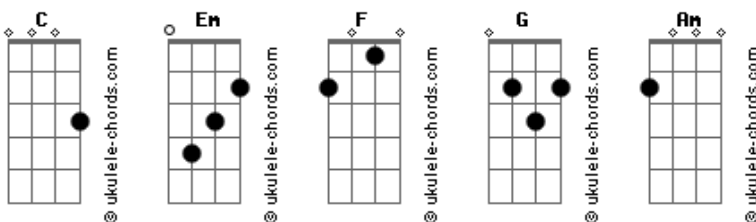

[Refrão]

Don't forget me  
 Keep me in your memory  
 Let me be your favorite angel  
 Just keep on moving on  
 Remember, that life always gets  
 Better  
 Cry for me but  
 Promise, Darling  
 You'll keep on staying strong

[Segunda Parte]

You're the worlds most extravagant girl  
 I just can't understand  
 I'm a time bomb that's ticking away  
 Still you're holding my hand  
 You say what's love without the pain  
 Without a chance that it could break  
 It's not real

## Acordes

That it's not ever gonna change  
 And you're forever gonna stay  
 Right here

[Refrão]

Don't forget me  
 Keep me in your memory  
 Let me be your favorite angel  
 Just keep on moving on  
 Remember, that life always gets  
 Better  
 Cry for me but  
 Promise, Darling  
 You'll keep on staying strong

( Am Em F C F )  
 ( Am F G )

[Ponte]

Look at me, look at me in the eye  
 You've given me, a perfect life  
 I'm promising, this ain't  
 Goodbye  
 Everything, will be alright

[Refrão]

Don't forget me  
 Keep me in your memory  
 Let me be your favorite angel  
 Just keep on moving on  
 Remember, that life always gets  
 Better  
 Cry for me but  
 Promise, Darling  
 You'll keep on staying strong
