

Nazareth - Homesick Again

Tom: G

Sad to be alone
 Your only comfort is the telephone
 Homesick again
 Thoughts of far away
 Silence is the only way to say
 Ain't it a shame

What's goin' down, she don't understand
 Can't you be with her every night
 Why must it be, you're away so long
 But she plays along, and it's alright

People all around

You don't see or hear them make a sound
 It's not the same
 What's goin' down, she don't understand
 Can't you be with her every night
 Why must it be, you're away so long
 But she plays along, and it's alright

Solo: (D)

Countin' out the days
 That don't help to ease the days away
 The price you pay
 Homesick again?
