

Nazareth - Love Leads To Madness

Tom: E

Intr.: E A D E

Do I feel alright?

I'll go anywhere you say you wanna to take me

Save me, far away ay ay, steal away ay ay

Cause I feel alright

I'll do anything you say you wanna make me

Take me, far away ay ay, run away ay ay

We've been up all night,

Trying to avoid a situation

Hold me, let feel you way

Cause I wanna stay

Let them all start talking

We wont give ourselves away

Our love leads to madness
Our love leads to madness
Our love leads to madness

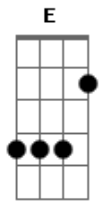

Do you feel alright?

And can you see me when you look in your mirror
Crazy, try to find a way, so your heart don't pay

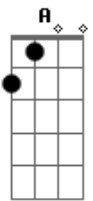

Run away ay ay
Don't you give yourself away

Our love leads to madness
Our love leads to madness
Our love leads to madness
Our love leads to madness
