

# Nazareth - Place In Your Heart

Tom: C

Start with a C with the G note on the high E string then the Chorus which will start with a G in some cases:

Is there a place in your heart left for me? Is there  
 someplace where the parking sign says free?

Maybe there's just one little spot  
 Maybe some corner that you forgot

Is there a place in your heart left for me?

Well I know you have so many you could choose from

There's always flowers lying by your door

I Bet you your phone it never stops  
 I Bet you're the queen at the local hop

I bet you get valentines but never keep the score!

back to the chorus  
 Guitar solo chords are: G F C

Now I know I don't think have to explain the order you either  
 know the song Or you don't.

Optional chord x32013 and possibly  
 F7 131211

"You could always wait for the bullet but it would still  
 be a Moment Passing By"

## Acordes
