

Neil Young - Hitchhiker

tom:

Em

When I was a hitchhiker on the road

Em

I had to count on you

G

But you needed me to ease the load

D Em

And for conversation too

D C Em

Or did you just drive on through

Em

You didn't see me in Toronto

When I first tried out some hash

G

Smoked some then and I'll do it again

D Em

But I didn't have the cash

D C Em

I didn't have the cash

Em

Then I tried amphetamines

And my head was in a glass

G

Taped underneath the speedometer wires

D Em

Of my '48 Buick's dash

D C Em

But I knew that wouldn't last

C G

Then came California

C G

Where I first saw open water

C G

In the land of opportunity

D Em

I knew I was getting hotter

D C Em

I knew I was getting hotter

Em

But the neon lights

And the endless nights

They took me by surprise

G

The doctor gave me valium

D Em

But I still couldn't close my eyes

D C Em

I still couldn't close my eyes

C G

Then came paranoia

C G

And it ran away with me

C G

I couldn't sign my autograph

D Em

Or appear on TV

D C Em

Or see or be seen

G C

Living in the country

G C

Sounded good to me

G

Smoking grass while the summer lasts

Em

In the real organic sea

D Em

Where everything was green

Everything was green

Em

Then we had a kid and we split apart

I was living on the road

G

A little cocaine went a long long way

D Em

To ease that different load

D C Em

But my head did explode

My head did explode

C G

I wish I was an Aztec

C G

Or a runner in Peru

C G

I would build such beautiful buildings

D Em

To house the chosen few

D C Em

Like an Inca from Peru

Em

Now many years have come and gone

Like friends and enemies

G

I tried to leave my past behind

D Em

But it's catching up with me

D C Em

It's catching up with me

Em

I don't know how I'm standing here

Living my life

G

I'm thankful for my children

D Em

And my faithful wife
