

# Neil Young - I shall be released

Tom: **A**

**A**  
They say everything can be replaced, **Bm**  
**Dbm** **D** **E** **A**  
That every distance is not near,  
**A** **Bm**  
So I remember every face,  
**Dbm** **D** **E** **A**  
Of every man who put me here.

(Segue a mesma sequência)

They say every man needs protection,  
They say that every man must rise and fall.  
Yet I swear I see my reflection,  
Someplace so high above this wall.

**A** **Bm**  
I see my light come shining,  
**Dbm** **D** **E** **A**  
From the west until the east.  
**A** **Bm**  
Any day now, any way now,  
**Dbm** **D** **E** **A**  
I shall be released.

(Solo)

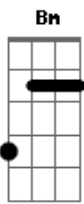

Yonder stands a man in this lonely crowd,  
It's a man who swears he's not to blame  
All day long I hear him shouting so loud,  
He's crying out that he was framed.
