

Neil Young - I've Loved Her So Long

Tom: Eb

(com acordes na forma de Capotraste na 1ª casa D)

Intro: Bm A D7M

She's a victim of her senses; do you know her?
 Can you see her in the distance as she tumbles by?
 Vet'ran of a race that should be over
 Can you hear her sigh? With wings to fly,

She rolls along doing it wrong.

Oh, I've loved her so long, oh I've loved her so long.
 There's a place that I know, we could go, get away for a while.
 I can bring her the peace that she needs,
 give her reason to smile.
 REPEAT AND FADE
 Oh, I've loved her so long
