G
Tumbleweed
Your inner beauty
Is a peace sign to me
Life is full of little tricks and
We can always pick up sticks and
Build again that's what we do

G
Harmony
The way we hold on
When we tumble through the night
Life is full of strange delights and
In the darkness we find lights
To make our way back home again

Bm
Tumbleweed
I'm baring my soul to you
Tumbleweed
It's all that I've got that's true

Bite me now
with your confusion
Your happiness and delight
It will only hurt a moment
Then it's gone and you can't see
There's nothing left to leave a mark

G
Animal
Care for your kind
In the way you always do
When the flower moon is shining
It's eclipse and your lips smiling
Comfort me and I comfort you
