D Em

Well I hate to say but pop ain't going solo

You liked me till' you heard my shit on the radio  
D D

But now I'm just too mainstream for you, oh no  
Am Em  
You liked me till' you seen me on your t.v.  
D Em

Well if you're so low below then why you watching?  
Am Em  
You say good things come to those who wait  
D D

I've been waiting a long time for it  
{Chorus1}

I remember the days\_\_ when I was\_\_ so eager\_ to satisfy  
you\_  
Am Em G

and be less then I was\_\_ just to prove\_\_ I could\_ walk\_  
beside you\_  
Am Em G

Now that I've flown a\_way\_\_ I see\_\_ee\_\_ you've chosen\_ to  
stay behind me\_  
Am Em G

and still you curse the day\_\_ I decided\_\_ to\_ stay true  
to myself\_  
{Verse2} (Riff1)

Am Em  
You say your quest is to bring it higher  
D Em

Well I never seen change without a fire  
Am Em  
But from your mouth I have seen a lot of burning  
D D

But underneath I think it's a lot of yearning  
Am Em  
Your face, the colours change from green to yellow  
D Em

To the point where you can't even say hello  
Am Em  
You tell me you'd kill me if I ever snob you out  
D D

Like that's what you'd expect from me, like that's what I'm  
about  
{Chorus1}

I remember the days\_\_ when I was\_\_ so eager\_ to satisfy  
you\_  
Am Em G

and be less then I was\_\_ just to prove\_\_ I could\_ walk\_

C G  
It's so much easier to stay down there guaranteeing you're

C G  
Than sit up here exposing myself trying to break through

C G  
Than to burn in the spotlight (open fire!),  
Em  
turn in the spitfire (open fire!)  
Am  
Scream without making a sound (open fire!),  
C  
be up here and not look down (open fire!)  
D  
because we're all afraid of heights  
{Chorus2}
