

# Nelo Johann - Day III

Tom: C

Do not you take me wrong  
 Cause i'd like to sleep along with you sometimes  
 I don't think you are wrong  
 You've been working all day long and you're so tired  
 I like you and your smell  
 But i don't like farewells nor goodbye kiss

I know selfish i am  
 But the more i pretend it's you that i miss  
 Things are easier than were  
 But we still can get hurt if we don't talk  
 Just remember that rose  
 That I gave you when was drunk, it means i love you a lot  
 Day III pass off  
 Day III pass off
