[Verso 1]

C C C  
I will bury you in time  
C C  
When the sea begins to slide  
C Em G  
Into this hole where I am smiling on your shoulder  
C C  
You have buried my beliefs  
C C  
Where all you're sisters sleep  
C Em  
With their scent the purity will breath  
G  
When the youth is over  
Em G C C C C C C Em G  
Frozen in some lost October

[Verso 2]

C C C  
And I am breathing into you  
C C  
It makes your features move  
C Em G  
And they shimmer like balloons that fly above the ocean  
C C C  
All the world is waiting here  
C C  
You can hear the children cheer  
C Em  
But they'll need you when you're near the brink

G  
Of complete implosion  
Em G  
Crown your king when your life is broken  
C C  
Everything you are I'm tearing through  
C C  
Everything you want I'm wanting too  
C C  
I gave you more than I thought I could ever do  
Em G C C C C C C Em G  
But I will never break you

[Verso 3]

C C C  
And if I was the king of all the kids  
C C  
You'd you hear me singing in my spit  
C Em G  
But all you would hear is the shit inside my burnt emotions  
C C C  
I will bury you in time  
C C  
When the sea begins to slide  
C Em G  
Into this hole where you and I will sing our songs unbroken  
Em G C C C C C C Em G  
As the water starts its choking  
C C C C C Em G  
Dee dee dee dee dee dee  
C C C C C Em G  
Dee dee dee dee dee dee
