

Neutral Milk Hotel - Oh Comely

Tom: **G**

E **C**
Oh comely

E
I will be with you when you lose your breath

C **E**
Chasing the only meaningful memory you thought you had left

C
With some pretty bright and bubbly terrible scene

E
That was doing her thing on your chest

C
But oh comely

G
It isn't as pretty as you'd like to guess
In your memory you're drunk on your autopsy

C **E**
It doesn't mean anything at all

C
Oh comely

E
All of your friends are letting you blow

C
Bristling and ugly

E
Bursting with fruits falling out from the holes

C
Of some pretty bright and bubbly friend

E
You could need to say comforting things in your ear

C
But oh comely

G
There isn't such one friend that you could find here
Standing next to me
He's only my enemy

C
I'll crush him with everything i own

G
Say what you want to say

C
And painful your always moving your mouth

E **C** **D** **G** **D** **E**
To pull out all your miracles away for me

E
Your father made fetuses
With flesh licking ladies

C
While you and your mother
Were asleep in the trailer park

E

Thunderous sparks from the dark of the stadiums

C
The music and medicine you needed for comforting

E
So make all your fat fleshy fingers to moving

C
And pluck all your silly strings
And bend all your notes for me

E
Soft silly music is meaningful magical

C
The movements were beautiful
All in your ovaries

E
All of them milking with green fleshy flowers

C
While powerful pistons were sugary sweet machines

E
Smelling of semen all under the garden

C
Was all you were needing when you still believed in me

E **C**
(da da da part)

E
I know they buried her body with others

C
Her sister and mother and 500 families

E
And will she remember me 50 years later

C
I wished i could save her in some sort of time machine

E
Know all your enemies

C
We know who are enemies are

(**Am** **E**) (3x)

Am
Goldaline my dear
We will fold and freeze together

E
Far away from here

D **G** **D**
There is sun and spring and green forever

Am
But now we move to feel
For ourselves inside some stranger's stomach

E
Place your body here

Am **E**
Let your skin begin to blend itself with mine
