

# Neutral Milk Hotel - Oh Comely

Tom: G

<sup>E</sup>  
Oh comely <sup>C</sup>

I will be with you when you lose your breath <sup>E</sup>

Chasing the only meaningful memory you thought you had left <sup>C</sup> <sup>E</sup>

With some pretty bright and bubbly terrible scene <sup>C</sup>

That was doing her thing on your chest <sup>E</sup>

But oh comely <sup>C</sup>

It isn't as pretty as you'd like to guess <sup>G</sup>  
In your memory you're drunk on your autonomy

It doesn't mean anything at all <sup>C</sup> <sup>E</sup>

Oh comely <sup>C</sup>

All of your friends are letting you blow <sup>E</sup>

Bristling and ugly <sup>C</sup>

Bursting with fruits falling out from the holes <sup>E</sup>

Of some pretty bright and bubbly friend <sup>C</sup>

You could need to say comforting things in your ear <sup>E</sup>

But oh comely <sup>C</sup>

There isn't such one friend that you could find here <sup>G</sup>  
Standing next to me  
He's only my enemy

I'll crush him with everything i own <sup>C</sup>

Say what you want to say <sup>G</sup>

And painful your always moving your mouth <sup>C</sup>

To pull out all your miracles away for me <sup>E</sup> <sup>C</sup> <sup>D</sup> <sup>G</sup> <sup>D</sup>

<sup>G</sup> <sup>D</sup> <sup>G</sup> <sup>D</sup> <sup>E</sup>

Your father made fetuses <sup>E</sup>  
With flesh licking ladies

While you and your mother <sup>C</sup>  
Were asleep in the trailer park

<sup>E</sup>

Thunderous sparks from the dark of the stadiums <sup>C</sup>

The music and medicine you needed for comforting <sup>E</sup>

So make all your fat fleshy fingers to moving <sup>C</sup>

And pluck all your silly strings <sup>E</sup>  
And bend all your notes for me

Soft silly music is meaningful magical <sup>C</sup>

The movements were beautiful <sup>C</sup>  
All in your ovaries

All of them milking with green fleshy flowers <sup>E</sup>

While powerful pistons were sugary sweet machines <sup>C</sup>

Smelling of semen all under the garden <sup>E</sup>

Was all you were needing when you still believed in me <sup>C</sup>

<sup>E</sup> <sup>C</sup>  
(da da da part)

I know they buried her body with others <sup>E</sup>

Her sister and mother and 500 families <sup>C</sup>

And will she remember me 50 years later <sup>E</sup>

I wished i could save her in some sort of time machine <sup>C</sup>

Know all your enemies <sup>E</sup>

We know who are enemies are <sup>C</sup>

( <sup>Am</sup> <sup>E</sup> ) (3x)

<sup>Am</sup>  
Goldaline my dear  
We will fold and freeze together

Far away from here <sup>E</sup>  
There is sun and spring and green forever

But now we move to feel <sup>Am</sup>  
For ourselves inside some stranger's stomach

Place your body here <sup>E</sup>

Let your skin begin to blend itself with mine <sup>Am</sup> <sup>E</sup>

<sup>Am</sup> <sup>E</sup>  
De de de de de la da da da
