 C F Bb G
 While I am under the sun I am in pain for your thighs nourish me, drive my energy away
 There's a boy and he looks so cool on the desert he springs, catching meanings, oh way
 He is looking for currency then he knows there's now way, there's no way this could be
 On his ceilings there falls no rain, no old house anymore on a palace he'll live

Dm Gm Bb Am
 Then he leaves his own town after his dreams
 Dm Bb Bdim C
 No contempt and no doubt, he'll sing

F G Bb Am
 Try to see me i am in red, red, red, red
 F G Bb C

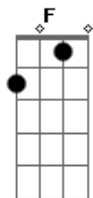

You better bet your money on that, yeah, yeah, yeah

 While I am under the moon I refrain from the thoughts that makes me so afraid
 There's a girl who is screaming out loud... but no one can hear when the raindrops fall

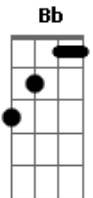

Dm Gm Bb Am
 Then she leaves her own town after her dreams
 Dm Bb Bdim C
 No contempt and no doubt, she'll sing

F G Bb Am
 Try to see me i am in red, red, red, red
 F G Bb Am
 You better bet your money on that, yeah, yeah, yeah
 F G Bb Am
 Try to see me i am in red, red, red, red
 F G Bb Am
 You better bet your money on that, yeah, yeah, yeah
