

# Never Shout Never - Hummingbird

Tom: G

I like you  
 Girl you don't got nothing to prove to me  
 I know that times have been rough  
 For the both of us  
 But I'll pray for change

You see this world has lots to offer  
 But in time it will go dark  
 And if this love is what we say it is  
 I'm sure we will go far  
 And with a girl as sweet as you  
 There's not much else I can do  
 But fall for you

You know that I'm a wreck and  
 You know I can't breathe  
 I'm at the edge of my seat with each word  
 And as the months turn into years  
 You know that I will wait

Here for you  
 But I'll pray for change  
 (chorus)  
 You see this world has lots to offer  
 But in time it will go dark  
 And if this love is what we say it is  
 I'm sure we will go far  
 And with a girl as sweet as you  
 There's not much else I can do  
 But fall for you  
 For you  
 For you  
 For you

(outro) (single strums)  
 You see this world has lots to offer  
 But in time it will go dark  
 And if this love is what we say it is  
 I'm sure we will go far  
 And with a girl as sweet as you  
 There's not much else I can do  
 But fall for you
