

NeverShoutNever - I Love You More Than You Will Ever Know

Tom: C

Verso 1:

Oh I know that I am here, and you are there
 but we still have our love,
 we move just like the moon and sun
 the sun comes up the moon rolls down,
 a world apart but they dont make a sound
 they know their love spins us round

Refrão:

ive been to heaven, ive been to hell
 ive been to vegas, and god knows where
 but nothing feels like home like you babe
 I love you more than you will ever know

Verso 2:

Oh ive got my car and my guitar,
 A couple pills a couple scars
 But I made a wish on a lonesome star
 Star oh star you shine so bright
 wont you grant me one small wish tonight
 That I wont die on this destructive path of mine

Refrão:
 ive been to heaven, ive been to hell
 ive been to vegas, and god knows where
 but nothing feels like home like you babe
 I love you more than you will ever knoo hooo hooow
 Than you will knoo hooooo hooow
 Dear I love you more than you will ever know
