

# NeverShoutNever - Making Love

Tom: C

I know your love is true  
 it's not just sex for you  
 It's the first time that I felt this way in a long time  
 and it's something I could get used to

(refrão)

It's love, it's love, it's true  
 when I'm making love to you  
 It's not just teenage lust  
 or trying something new it's love,  
 but we're too young to follow through

C G Am

Her heart is made of gold  
 these past two years  
 I've grown so cold  
 At the thought of trying out a different lover  
 Now I know, I could never love another

(refrão)

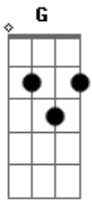

With all the plans we made  
 travel all the world  
 and drink our cares away  
 what a happy day, if only i could say  
 that she would be my lover, from now until forever

(refrão)
