

# NeverShoutNever - New Sound

Tom: A

Everybody's hearing the new sound, old shcool is coming back around

Hop into the mystery bus, lets go

Forget everything you think you know

Here to dance and to rock and roll, they got the rhythm, they got the flow

Take me to the place my soul resides, don't matter if it's wrong or right

You can find me kicking dirt on the north side of town

In a two dollar t-shirt

Living life which you can't see, give it all away to fuck with me

Nobody knows, nobody knows what they've got

Until it's gone

Gone

Gone

Gone

Yeah

Everybody's hearing the new sound, the social ladder is breaking down

Everybody is seeing eye to eye, at least I like to think there trying

The kids are acting like rolling stones, leaving home with nowhere to go

Hop into the mystery bus, lets ride

It don't matter if it's wrong or right

You can find me kicking dirt on the north side if town

In a two dollar tee shirt

Living life which you can't see, give it all away to fuck with me

Nobody knows, nobody knows what they've got

Until it's gone

Gone

Gone

Gone

Yeah
