

# NeverShoutNever - Overttheyears

Tom: G  
Intro: C D Em 2x

I'm sorry for the nights I let you down  
 now all that's left to say is that I turned around  
 back to the boy you fell in love with  
 not this plague that brings you down  
 Remind your mom to call me I still care  
 cause her approval meant the world and I would not dare to  
 disagree with the life you've arranged  
 just remember only God knows if I've changed

I'll sing along to every song  
 I'll tag a lie for the ride  
 Cause in my head, I'd write there too  
 through the good times  
 the bad ones too  
 I'm here for you  
 cause when I dream  
 you're the one who keeps me asleep  
 on nights where I could care less  
 if I ever woke up again  
 End on G
