

# NeverShoutNever - Red Ballon

Tom: D

A  
A lonely red balloon  
Tied down to his worries  
D  
Dreams of taking flight  
Slowly moving out of sight  
A  
To a sky of curious blue  
Infinite, inviting  
D  
A prisoner of self doubt  
He whispers to himself:  
E A D Gbm E A D  
Why can't I cut the ribbon tied around my neck?  
Then maybe Gbm E I could finally breathe  
D E  
Then maybe I could finally see  
Gbm E  
The bigger picture staring back at me

A  
Monday's my weekend  
E  
Tuesday's alright  
G  
Hey! Hey! I'm ready!  
D  
It's go time! Go time!

Green is my color

Towards the lonely red balloon

Ratter tattered ribbon  
Lost it's grip and off he flew  
A  
Towards the sky of lightning  
He thundered through and through  
D  
Fireworks like Independence Day  
Whoop dee doo

E A D Gbm  
Up so high without the noose  
E A D
