(Introdução)

(Verso 1)

[You see this world is such a sad place]

[And without your pretty face]

[I'm sure its gonna wind up much worse] .

(Pré-Refrão)

And I know that you'll see someday that I cant live without you

And I know what I say is true cause i'm still stuck on you girl

(Refrão)

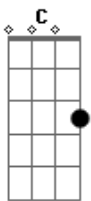

I'm in love from the first time I laid my eyes on you

There's nothing I can doo---

And I'm in love from the first time I laid my lips on yours

Now you're walking out my doo--r
