

NeverShoutNever - Uraltalk

Tom: C

i'll be headin' down south
 by the time graduation rolls around
 where the weather is warmer
 and the people are fresh
 i'll be ponderin' life,
 doin' my time on the rooad
 pedal to the metal in my 1999 ford
 and all my life in one place
 i've done my time but i've lost the race
 i've been workin' my ass off
 trying to find the part of me
 my friends all miss
 but honestly..
 i'm kinda fed up with
 all this advice,
 but never a sign..
 should i stay? or should i go away?
 all to find
 the better half of me

i've got this spare change
 i'll be sendin' souvenirs
 to all my friends up north
 where the weather is cooler
 and the people are dull
 i'll be ponderin' life,
 doing my time on the rooad
 pedal to the metal in my 1999 foord
 and all my life in one place
 i've done my time but i've lost the race
 i've been workin' my ass off
 trying to find the part of me
 my friends all miss
 but honestly..
 i'm kinda fed up with
 all this advice,
 but never a sign..
 should i stay? or should i go away?
 all to find
 the better half of me
