

# New Empire - A Little Braver

Tom: D

With <sup>D</sup>December comes the glimmer on her face <sup>Gbm7</sup>  
 And I get a bit nervous, I get a bit nervous now <sup>G7</sup>  
 In the twelve months on I haven't made friends with change <sup>G7</sup>  
 So everything's perfect, can we start over again? <sup>G7</sup>

The playgrounds they get <sup>Bm</sup>rusty and your heart beats another <sup>G7</sup>  
 Ten thousand times <sup>A</sup>  
 Before I got the chance to say, I missed you <sup>( E Gb G )</sup>

When it gets hard, I get a little stronger now <sup>Gbm</sup>  
 I get a little braver now <sup>G7</sup>  
 And when it gets dark, I get a little brighter now <sup>Gbm</sup>  
 I get a little wiser now <sup>G7</sup>

Before I give my heart away <sup>D</sup>  
 Well we met each other at the house of runaway <sup>Gbm7</sup>  
 I remember it perfectly, we were running on honesty <sup>G7</sup>  
 We moved together like a silver lock and key <sup>D</sup>  
 But now that your lock has changed, I know I can't fit that way <sup>Gbm7</sup>  
 The playgrounds they get <sup>Bm</sup>rusty and your heart beats another <sup>G7</sup>  
 Ten thousand times <sup>A</sup>  
 Before I got the chance to say, I want you <sup>( E Gb G )</sup>  
 Well we met each other at the house of runaway <sup>Bm</sup>  
 I remember it perfectly, we were running on honesty <sup>G7</sup>  
 We moved together like a silver lock and key <sup>D</sup>  
 But now that your lock has changed, I know I can't fit that way <sup>Gbm7</sup>
