Intro: Em7 A D G

Em A Always taking the easy way out

D G You never know, I come and go with no sound

Em A D Give me time to weigh this out

I'm taking it slow

Em A D To stop our love from falling down

And letting us go

Em A When we were flying in the sky

Em A D Give me time to weigh this out

Em A I see your shadow on the street

D G Now when we walk, you never talk to me

Em A There's so much space now when we sleep

Em For every night I feel alone

G I see the love is growing old

Em A I'm waiting on your call to let me go

Em A D Give me time to weigh this out

I'm taking it slow

Em A D To stop our love from falling down

And letting us go

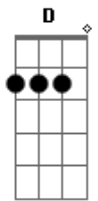

Em A When we were flying in the sky

D A Don't you ever change your mind

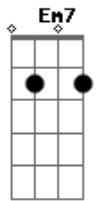

Em A D Give me time to weigh this out

[Final] Em A D
