

New Hope Club - Permission

Tom: B

[Primeira Parte]

Sometimes we get confused
 We never quite know what we want until the day we do
 'Cause we don't get to choose
 You can't just run away from love, when love comes chasing you

[Pré-Refrão]

They say don't fall too hard
 Or you'll just lose it all
 They made these rules
 They break them too
 The same as us

[Refrão]

So we don't need permission for nothing
 Touch like you wanna be touched, yeah
 Kiss like you wanna be kissed, yeah
 Oh, we don't need permission for nothing
 Drink like you wanna be drunk, yeah
 Feel like you wanna feel something
 Oh, so we don't need permission

[Segunda Parte]

Sometimes we get confused
 We never quite know what we want until the day we do
 'Cause we don't get to choose
 You can't just run away from love, when love comes chasing you

[Pré-Refrão]

They say don't fall too hard
 Or you'll just lose it all
 They made these rules
 They break them too
 The same as us

[Refrão]

So we don't need permission for nothing

Touch like you wanna be touched, yeah
 Kiss like you wanna be kissed, yeah
 Oh, we don't need permission for nothing
 Drink like you wanna be drunk, yeah
 Feel like you wanna feel something
 Oh, so we don't need permission

To love, to love
 To love, to love, to love, to love
 To love, to love, to love, to love

[Ponte]

We can stay up all night if we want to
 Dance in the dark if we want to
 Take off our clothes if we want to
 We don't need, no-no
 We can lose our minds if we want to
 Turn up the noise if we want to
 Wake up the neighbours, drive them crazy

[Refrão]

So we don't need permission for nothing
 Touch like you wanna be touched, yeah
 Kiss like you wanna be kissed, yeah
 Oh, we don't need permission for nothing
 Drink like you wanna be drunk, yeah
 Feel like you wanna feel something
 Oh, so we don't need permission (to love)
 For nothing
 Touch like you wanna be touched, yeah (to love)
 Kiss like you wanna be kissed, yeah (to love, to love, to love, to love)
 Oh, we don't need permission for nothing (to love)
 Drink like you wanna be drunk, yeah (to love)
 Feel like you wanna feel something (to love, to love, to love, to love)
 Oh (to love, to love, to love, to love)
 To love, to love
 We don't need permission to love
