

Newsboys - Joy

Tom: **A**

Album: Shine: The Greatest Hits
 Tabbed by Blinky (**B**)

Here's the tab to the guitar part at the beginning, although I **B** (Bar 7th) can imagine you figured it out yourself, not that difficult.

The rest of the song has variations of that going during the verses, just try whatever fits (I couldn't it well enough to figure it out)

Here's the intro chords (which are the same as the same as the chorus)

E (open)

Gb (Bar 2nd)

Dbm (Bar 4th)

I think in the chorus the **E** is played bar 7th but even if it isn't that's how I play it 'cause its easier. email me ne corrections; this is my first tab.
