

# Newsboys - Magnetic

tom:

D

G

As soon as I open up my eyes

It's the same voice on the inside

Already so heavy

Weighing on my soul

All the fear, all the worry

All the heart ache, all the hurting

Colliding

With your light and

Trying to steal my hope

Some days I break

I lose my way

More doubt than faith

But every time I'm in that fight

Your love keeps pulling me back

Pulling me back, it's magnetic

I've pushed away but I can't escape

Your love keeps pulling me back

Pulling me back, it's magnetic

Your goodness won't give up on me

It's a fountain flowing so deep

You're so patient and so gracious

It's unconditional

Even when I try to go my own way

G

Even when my heart is in the wrong place

You bring it back around like a boomerang

Just like a boomerang

G

Cause every time I'm in that fight

Your love keeps pulling me back

Pulling me back, it's magnetic

I've pushed away but I can't escape

Your love keeps pulling me back

Pulling me back, it's magnetic

G

Like gravity

Just when I think that I'm outta reach

Your love, your mercy keep pulling me

Pulling me

Oh I can feel it, feel it, feel it

It's changing me

No more searching, it's clear to see

Everything that I used to be is history

I can feel it, feel it, feel it

G

Yeah, cause every time I'm in that fight

Your love keeps pulling me back

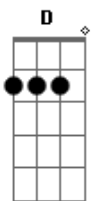

Pulling me back, it's magnetic

I've pushed away but I can't escape

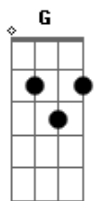

Your love keeps pulling me back

Pulling me back, it's magnetic
