

# Niall Horan - Dear Patience

tom:

G

[Primeira Parte]

Dear patience  
 Can we share a drink and let go of the pressure?  
 Dear patience  
 'Cause the last time that we talked seemed like forever  
 And ever

[Pré-Refrão]

Feels like you don't even know me  
 Just me and the stars can get lonely

[Refrão]

Hey, can you show your face?  
 Can you see that I'm anxious?  
 Can you hear what I'm saying, saying?  
 Hey, 'cause I fall too fast  
 And I go down blazing  
 Can you hear what I'm saying?

[Segunda Parte]

Dear patience  
 If I pour my heart out, can you keep a promise? (Hmm, hmm)  
 'Cause that situation  
 Is like I'm bounding, that's been waiting on my conscience  
 If I'm being honest

[Pré-Refrão]

Feels like you don't even know me

Just me and the stars can get lonely

[Refrão]

Hey, can you show your face?  
 Can you see that I'm anxious?  
 Can you hear what I'm saying, saying?  
 Hey, 'cause I fall too fast  
 And I go down blazing  
 Can you hear what I'm saying?

[Ponte]

The way you make time disappear  
 I hope that I find you, my dear  
 The way you make time disappear  
 I hope that I find you, my dear

[Terceira Parte]

Dear patience  
 Can we share a drink and let go of the pressure? Oh, oh  
 Dear patience  
 'Cause the last time that we talked seemed like forever  
 And ever

[Refrão]

Hey, can you show your face?  
 Can you see that I'm anxious?  
 Can you hear what I'm saying, saying?  
 Hey, 'cause I fall too fast  
 And I go down blazing  
 Can you hear what I'm saying?  
 Dear patience
