

Niall Horan - Everywhere

tom:
Capostrate na 7ª casa

You walk into the room, I go quiet
I catch your eyes and don't blink an eyelid
Feels like the world locked us on an island
An island without waves

I try and try to forget you
But your mother thinks I'm the best for you
Try and try to erase you
But you won't disappear

Feels like every time I turn a corner, you're standin' right there
Over my shoulder, you're everywhere
I swear it's hard to think, it's hard to breathe when you're in the air

I try to run, but you're everywhere I go
When I think I'm all alone
And my heart's under control
Why is lovin' you not fair?
You're everywhere

The ground beneath my feet's a bit colder
I see your face in people I don't know
Feels like the world is twistin' in slo-mo
And I'm stuck in one place

I try and try to forget you
But your mother thinks I'm the best for you
Try and try to erase you

But you won't disappear

Feels like every time I turn a corner, you're standin' right there

Over my shoulder, you're everywhere

I swear it's hard to think, it's hard to breathe when you're in the air

I try to run, but you're everywhere I go

When I think I'm all alone

And my heart's under control

Why is lovin' you not fair?

You're everywhere

Everywhere

Everywhere I go

But you're still not here

And you're still not here

Feels like every time I turn a corner, you're standin' right there

I swear it's hard to think, it's hard to breathe when you're in the air

Feels like every time I turn a corner, you're standin' right there

Over my shoulder, you're everywhere (Yeah)

I swear it's hard to think, it's hard to breathe when you're in the air

I try to run, but you're everywhere I go

When I think I'm all alone (All alone)

And my heart's under control (Oh no)

Why is lovin' you not fair?

You're everywhere

You're everywhere
