```

[Primeira Parte]

```
Am
She's been lookin' at me all night
          C            F
I'm terrified, I know why, baby
                        G
She's got the wrong?crazy
Am
Oh,?I see the moon in her eyes
          C            F
I'm paralyzed, she's?not my baby
                        G
She's got the wrong crazy
```

[Pré-Refrão]

```
      Am                    C
Like wolves we?ve run wild, let passion get so much
F                          G
Let ourselves get burned by the fire
    Am               C
We're walking on wire, but nothin' feels higher
F
When I see that look in your eyes
```

[Refrão]

```
Am
Tell me what you want because you know I want it too
C
Let's skip all the small talk and go straight up to your room
F
I've been thinkin' what I'd do when I'm alone with you
G
Just say nothin', small talk only gets in the way
```

[Segunda Parte]

```
Am
Turn around, she walkin' to me
              C        F
I can't believe she's not my baby
                        G
Won't someone come see me?
Am
Oh, you see the fool in my mind
          C              F
Kept runnin' high with this glare on me
                    G
Look what you're doing to me
