

Nick Drake - Things Behind The Sun

Tom: Db

(com acordes na forma de
Capostraste na 6ª casa

G)

From: Mike

Album - Pink moon

I think this version of this song is more accurate than the one recently posted -- the words are shamelessly plagiarised though...

Altered Tuning: DGDDAD
Capo 6th fret.
Intro: -

[Theme one:-]

```
|| D-----|-----|-----|-----|
|| A----1--1|----1---|----0--0|----0--0|
|| D----0--0|----0---|----0--0|----0--0|
|| D----0--0|----0---|----0--0|----0--0|
|| G-0-0----|0-0--0h2|-----|-----|
|| D-----|-----|0-0----|0-0----|
```

Please beware of them that stare
they'll only smile to see you while
your time away

And once you've seen what they have been
to win the earth just won't seem worth
your night or your day

who'll hear what I say

Look around you find the ground
is not so far from where you are
but don't too wise

For down below they never grow
they're always tired and charms are hired
from out of their eyes

never surprise

[theme two:-]

[repeat]

Take your time and you'll be fine
And say a prayer for people there
who live on the floor

And it you see what's meant to be
Don't name the day or try to say
it happened before

[Theme one]

Don't be shy you'll learn to fly
and see the sun when day is done
if only you see

Just what you are beneath the star
that came to stay one rainy day
in autumn for free

yes, be what you'll be

Please beware of them that stare
they'll only smile to see you while
your time away

And once you've seen what they have been
to win the earth just won't seem worth
your night or your day

who'll hear what I say

[Theme two]

Open up the broken cup
let goodly sin and sunshine in
yes that's today

And open wide the hymns you hide
you find reknown while people frown
at things that you say

[Theme three:-]

but say what you say
About the farmers and the fun
And the things behind the sun
And the people in your head
who say everything's been said
And the movement in your brain
sends you out into the rain

[I end like this:-]

I have figured out how I can play that song and not what
Nick's doing. First
of all, I'm not so good at playing, and second, I can't hear
it exact enough.
Basically this means that I got the chords right but the
picking wrong. (He's
playing so many more notes). Any suggestions welcome.
Intro: and first theme:

Dm Dm A A C C A A

Dm
Please beware of them that stare
A
they'll only smile to see you while
C
your time away
A

And once you've seen what they have been
to win the earth just won't seem worth
your night or your day

who'll hear what I say (repeat C and A)

Look around you find the ground
is not so far from where you are
but don't too wise

For down below they never grow
they're always tired and charms are hired
from out of their eyes

never surprise

theme two:

D D D D C C A A

D D
Take your time and you'll be fine
D D
And say a prayer for people there
C

A

And it you see what's meant to be

Theme three:

Previous picking on chords C and A:

And the things behind the sun

who say everything's been said
And the movement in your brain

sends you out into the rain

I end like this:

Nick doesn't go that many frets up, but I like what I do so..
I haven't
figured what he does.
