

# Nick Jonas - Remember I Told You

Tom: Gb

m  
Remember I told you, I need you  
Remember the spark that was there  
All of the words that I'm saying  
Are just a fancy way of saying "I care"

I don't suppose you have a moment to spare me  
Do you? Do you?  
I've been looking for love in all the wrong places  
You too? You too?

I don't like the way you went and told me, "Oh well"  
I have the suspicion you're not being yourself  
I don't suppose you have a moment to spare me  
Do you? Do you?

Remember I told you, I need you  
Remember the spark that was there  
All of the words that I'm saying  
Are just a fancy way of saying "I care"

You're probably somewhere, with someone I don't know  
That's cool, and that's cool  
And I hope that she gives you, all the things that you deserve  
That's true, that's true

Listen, I don't like the way you went and told me, "Oh well"  
I have the suspicion you're not being yourself  
You're probably somewhere, with someone I don't know  
That's cool, and that's cool

Are just a fancy way of saying "I care"

Remember I told you, I need you  
Remember the spark that was there  
All of the words that I'm saying  
Are just a fancy way of saying "I care"  
Had to cut it off and we know why  
I'm in love with myself, cold inside  
Too many shoes in your closet, go some miles  
I suck at talking to girls, here goes a try  
More woman than I should've in a century  
Bitches on the side like a Kennedy  
Starting to drain all my energy  
I love it, shoot the frame like an enemy  
At the same time, and I can't lie  
Too many girls for the way that I rock the bassline  
You got addicted to the seas of the bassline  
Let's see how you're gonna do with the back and forth fameline  
After all the shit we been through  
I play the rocksea, I ain't 'bout to guestlist you  
And I know I'm talking shit, it ain't fair  
Hate is just a fancy way saying that I care

Remember I told you, I need you  
Remember the spark that was there  
All of the words that I'm saying  
Are just a fancy way of saying "I care"  
Remember I told you, I need you  
Remember the spark that was there  
All of the words that I'm saying  
Are just a fancy way of saying "I care"
