

Nick Mulvey - Mountain To Move

tom:

Intro: Am C G D

[Primeira Parte]

Caught up in specialness
 I wish you could see that we are kings of bliss
 Begging for misery
 We get lost in comparison
 Looking outside of me
 I see this world is unraveling
 I wonder, who could we be

[Refrão]

Oh, I don't want to see us lose any more time
 This moment is a mountain to move
 So move it inside
 Wake up now, wake up now
 Wake up now, wake up now

[Segunda Parte]

'Cause Marianne is a healer
 She had pain on the mind
 She said, "Your money is your medicine"
 But she's sick all the time
 'Cause you got lost in comparison

Always pretending you knew
 When everything you were looking for
 Was already looking at you

[Refrão]

Oh, I don't want to see us lose any more time
 This moment is a mountain to move
 So move it inside
 Wake up now, wake up now
 Wake up now, wake up now

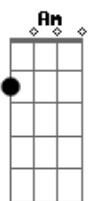

[Ponte]

Give it to me, realness
 Give it to me, stillness
 Give me some forgiveness
 Give it to me, wholeness

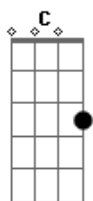

[Refrão]

'Cause I was lost in comparison
 Always pretending I knew
 But everything I was looking for
 Was already looking through
 Wake up now, wake up now
 Wake up now, wake up now
 Wake up now, wake up now
 Wake up now, wake up now
 Wake up now, wake up now
