basically the same as the intro just a little added to it.

gtr 1 does this 2 times with gtr 2, then stops.

you say you don't want it.
just watch and you'll fall it.
stare at the ceiling and
ignore what i'm feeling.

gtr 1 while gtr 2 keeps doing the verse riff.

2 times with lyrics

well i'm fine, you know i don't mind
i can't find nothing wrong with it.
and you say in your polite way
oh by the way, could you get on with it?
