

Nickelback - Every Time We're Together

Tom: C

Am C
I'm back in my hometown
The main street's dying down
It's like there's nothing left of it

Am C
No more high school grounds
They tore that building down
And everything we built, I miss

Am C
I cut off my own friends
So lost inside seeing them
Feels like were back there instantly, to me

Am C
We all need a chance
The backyard fires on
And we stop telling tales of how life used to be

F G
The years have come and gone
But these stories carry on
Looking back, they're better than they used to be

C
Cause you should'a seen the size of the guy's we were fightin'
And we shouldn't be alive at the speeds we were driving
But momma always taught us never ever to tell a lie

C
And every tenny out there's always turned into twenty
Every girl we were with never cost any money
And we drank more tequila than any man alive

Bb
And the story goes on
It gets a little better, every time we're together
(C F Am G F)

Am C
It's funny how we change
And some things stay the same

D
God, I miss the glory days, always
Am C
Daylight getting near
We shed a few more tears
Lord, I love the memories we've made

F G
The years have come and gone
But these stories carry on
Looking back, they're better than they used to be

C
Cause you should'a seen the size of the guy's we were fightin'
And we shouldn't be alive at the speeds we were driving
But momma always taught us never ever to tell a lie

C
And every tenny out there's always turned into twenty
Every girl we were with never cost any money
And we drank more tequila than any man alive

Bb
And the story goes on
It gets a little better, every time we're together
(C F Am G F)

C
Cause you should'a seen the size of the guy's we were fightin'
And we shouldn't be alive at the speeds we were driving
But momma always taught us never ever to tell a lie

C
And every tenny out there's always turned into twenty
Every girl we were with never cost any money
And we drank more tequila than any man alive
