[Primeira Parte]

```
   C
I wish that when you walked in, I could
 Am        F
Hide it
   C
I wish that when we touched, there wasn't
 Am          F
Lightnin'
   C
You say you wish our hearts had better
 Am        F
Timin'
     C
But somethin' always keeps us from
    Am       F
Collidin'
```

[Refrão]

```
       C
'Cause one of us is always holdin'

Somebody else
        Am                       F
While one of us is hoping that nobody

Could tell
            C
And the both of us are gettin' good at

Foolin' ourselves
 Am                       F
Waitin' on the other one to figure it out
      C                 Am
So how long, before, the stars will all
   F
Align?  (How long, before)
   C                  Am
Or am I, just chasing, your love?  (Am I
Chasing)
            F               C     Am
Like it's just over the next horizon
   F
Just over the next
```

[Segunda Parte]

```
   C
I know you like the way you keep me
 Am        F
Captive
      C
So what's it gonna take to make this
 Am        F
Happen?   (To make this happen)
     C
I lost my chance when you met him
   Am                  F
I went through Hell and back again
        C
But thank God there's no way to kick this
 Am        F
Habit
